

Green Visitor Charter

Be a responsible visitor - Seven things you can do to save the planet

1. **Conserve Energy** - Help us to reduce energy by switching off lights in the toilet.
2. **Give the car a rest** - leave the car behind. Take a look at our leaflet display in the green room for car free days out.
3. **Shop Locally** - use local products. Also, peruse the Killhope shop for locally made craft items
4. **Reduce, Reuse and Recycle** - Say no to a carrier bag, if you do need one all of our bags are made from recycled material and are fully degradable. Use our recycling facilities for your cans and bottles.
5. **Be Water Wise** - Please use water wisely. Turn off the tap after use.
6. **Respect Nature** - Help us to look after the landscape and wildlife by not littering and using footpaths responsibly
7. **Support Green Tourism Businesses** - There are lots of businesses in the area trying to reduce their environmental impacts though the Green Tourism Business Scheme. Keep an eye out for the logo.
